Body:

Join the Gardening Revolution and garden like never before.

If you want to witness explosive, healthy, and natural growth more easily and quickly than you ever thought possible, then you'll love what I'm about to share with you...

The good folks over at [Garden Tower Project](#) have just released the newest model of their revolutionary Garden Tower to help you take your garden to the next level.

Imagine 50 lush plants in the space of four square feet with self contained soil and compost systems. Watering becomes a breeze and rotating plant rigs allow for maximum light exposure and easy access... you'll eliminate the pain of bending over to prune and weeding will be a thing of the past.

If you want the easiest, fastest, and most effective path to a thriving home garden that will make you the envy of your friends and neighbors, you need to get your hands on this...

The Garden Tower has recently been named "The World's Most Advanced Vertical Garden Planter"

And here's why:

- Robust Design - the Garden Tower will safely hold up to 1000lbs... more than enough for soil and compost for 50 plants!
- Designed for Maximum Capacity - your entire home garden could sit in the corner of your patio for unmatched efficiency and convenience!
- Self-contained Compost System - replicate the conditions of natural ecosystems to produce priceless nutrients while decreasing waste by 10x-20x!
- Direct Root Contact System - unique to the Garden Tower design, your plant's roots will have direct access to the rich compost system spurring rapid and healthy growth!
- All Natural and Organic - no electricity, no chemicals... *all natural*.

- Optimized Nutrient and Water Conservation - save the nearly 90% of nutrients that are lost in conventional raised bed planting methods.
- 100% MADE IN AMERICA

See what our customers are saying about us:

"I absolutely love the Garden Tower and I think every family should have at least one... I've never seen herbs and vegetables grow like they do in the Garden Tower. It's amazing!"
- Mary Wheeler (Master Gardener)

"This Garden Tower is fantastic. I'm a certified permaculturist and my wife and I purchased one of these last summer...we're looking at getting our 2nd to grow more this summer! Thank you folks at Garden Tower!"
- Bryan Bunn (Certified Permaculturist) Bloomington, IN

"I was amazed... We run an organic permaculture garden, so we expect things to grow fast and well...but this Garden Tower was like a beacon of light...totally astonishing."
- Ann Kreilkamp Ph.D. (Community garden organizer)
